GREAT AMERICAN REMEDY.

VEGETABLE DYSPEPSIA BITTERS, a sure, speedy and permanent cure for Dyspepsia in its worst forms. This medicine will be found to cure all complaints arising from disorders of the stomach and bowels, biliousness, yellowness of the skin, Liver complaints, Debility, Headache, Nervousness, Low Spirits, Palpitation of the Heart, Costiveness, &c. &c. Please read the following certificate:

Read the following from an eminent physician:

The undersigned being acquainted with some of the ingredients of Hutchings' Vegetable Dyspepsia Bitters, and having used it for some time in his practice with every desired effect, he recommends this medicine from the certainty of its effect, and gives it a preference over all preparations in medicine for that distressing complaint, Dyspepsia.
T. HARDENBERGH, M. D.,
No. 1 Beach street, N. Y.

From Luther A. Wyman, Esq., late President of New York Musical Society, now of Brooklyn:

The undersigned was afflicted with Dyspepsia of the worst form for one year and a half, during a greater portion of which time he made use of no remedies, but suffered the disease to take care of itself, until he was recommended to try Hutchings' Dyspepsia Bitters; he very soon derived benefit from the use of a few bottles of this medicine and now considers himself entirely well.

The undersigned has every confidence in the efficiency of Hutchings' Bitters for the cure of this troublesome and dangerous complaint, and he has no hesitation in recommending it as a most valuable medicine.
L. B. WYMAN,
N. York, Sept. 3, 1849. 38 Burling Slip.

The following certificate is from Mr. Brady, the celebrated Daguerreotypist:

Having been afflicted very severely with Dyspepsia, together with extreme weakness he was advised to take Hutchings' Dyspepsia Bitters, and have every reason to believe it has perfectly cured me. I have felt no symptoms of a return of the disease and believe from the effect it had on me that it will cure the worst cases of Dyspepsia.
M. B. BRADY,
No. 205 Broadway, N. Y.

The Proprietor of this medicine has received many other certificates of cures, equally remarkable, of the various diseases for which this preparation is applicable; but the above are deemed necessary to satisfy any unprejudiced mind of its value and superiority above all other preparations.

LITTELL'S LIVING AGE,

E. LITTELL & Co., cor. of Tremont and Bromfield streets, Boston.

This work is conducted in the spirit of Littell's Museum of Foreign Literature, (which was favorably received by the public for twenty years,) but as it is twice as large, and appears so often, the editor not only gives spirit and freshness to it by many things which were excluded by a month's delay, but while thus extending his scope and gathering a greater and more attractive variety, is able so to increase the solid and substantial part of his literary, historical, and political harvest, as fully to satisfy the wants of the American reader.

The elaborate and stately Essays of the Edinburgh, Quarterly, and other Reviews; and Blackwood's noble criticisms on Poetry, his keen political Commentaries, highly wrought Tales, and vivid descriptions of rural and mountain Scenery; and the contributions to Literature, History, and Common Life, by the sagacious Spectator, the sparkling Examiner, the judicious Athenæum, the busy and industrious Literary Gazette, the sensible and comprehensive Britannia, the sober and respectable Christian Observer; these are interwoven with the Military and Naval reminiscences of the United Service, and with the best articles of the Dublin University, New Monthly, Fraser's, Tait's, Ainsworth's, Hood's, and Sporting Magazines, and of Chambers' admirable Journal. He does not consider it beneath his dignity to borrow wit and wisdom from Punch; and, when he thinks it good enough, makes use of the thunder of the Times.

The steamship has brought Europe, Asia, and Africa, into our neighborhood; and will greatly multiply our connections, as Merchants, Travellers, and Politicians, with all parts of the world; so that much more than ever it now becomes every intelligent American to be informed of the condition and change of foreign countries. And this not only because of their nearer connection with ourselves, but because the nations seem to be hastening, through a rapid process of change, to some new state of things, which the merely political prophet cannot compute or foresee.

Geographical Discoveries, the progress of Colonization, [which is extending over the whole world,] and Voyages and Travels, afford favorite matter for his selections; and, in general, the editor systematically and very fully acquaints his readers with the great department of Foreign affairs, without neglecting our own.

While the Living Age is desirable to all who to keep themselves informed of the rapid progress of the movement—to Statesmen, Divines, Lawyers, and Physicians—to men of business and men of leisure,—it will be found to be equally attractive and useful to their wives and children. It is indispensable to every well-informed family. We say indispensable, because in this day of cheap literature it is not possible to guard against the influx of what is bad in taste and vicious in morals, in any other way than by furnishing a sufficient supply of a healthy character. The mental and moral appetite must be gratified.

By "winnowing the wheat from the chaff," by providing abundantly for the imagination, and by a large collection of Biography, Voyages and Travels, History, and more solid matter, a work is produced, well calculated for universal popularity, and to raise the standard of public taste.

This excellent work is published every Saturday, by E. LITTELL & Co., Boston, who supply orders by mail from all parts of the country. Remit any sum to them, and they will send the work to that amount. Each number makes a handsome pamphlet of 48 pages double col octavo. Price, 12 1-2 cts.,—or by the year, six dollars. We add to our own recommendation, what our readers will value infinitely more, a letter from the late Ex-President J. Q. Adams:—

"WASHINGTON, 27th December, 1845.

Of all the Periodical Journals devoted to Literature and Science which abound in Europe and this country, this has appeared to me to be the most useful. It contains indeed the exposition only of the current literature of the English language, but this by its immense extent and comprehension includes a portraiture of the human mind in the utmost expansion of the present age.
J. Q. ADAMS."

Extract from the Boston Chronotype.

Consumption is the great curse of our northern latitude. It is the blight of domestic felicity and the despoiler of beauty. It robs the cheek of its healthful bloom, the mind of its serenity, and the eye of its brilliancy. It arrests the form, dims the intellect, and plunges its victim into an early grave. The young and old, the serious and the gay, the city belle and the country lass, are alike its prey and its victims. Blessings on the man, then, whose genius and research furnished us weapons to bid defiance to this "Pacifier of the Threshold!" He merits the applause and gratitude of ages—he shall have ours, at least.

WRIGHT'S INDIAN VEGETABLE PILLS SUGAR FROSTED!—The Proprietor of this popular Family Medicine thankful for the extensive and increasing favor with which it is received, and feeling desirous of making every improvement in his power, begs leave to announce, that he has added an OUTSIDE FROSTING to the pills, of pure White Sugar, whereby everything disagreeable to the taste or smell is entirely removed, without in the smallest degree affecting, in other respects, the excellent qualities of the medicine.—The want of an innocent and convenient medium of disguising the Pills, so generally felt, is thus supplied, and it is confidently anticipated that the frosting will prove highly acceptable to the public. The occasional use of medicine is a matter of necessity with the great majority of mankind. Whatever, therefore, is done to remove its disagreeable associations, is a public benefit. The value of Wright's Indian vegetable Pills is well understood. Innocent and efficacious, free from minerals of every description, and adapted to the circumstances and condition of life, they are esteemed beyond all other remedies, as the greatest family medicine of the day. The frost-covering is an addition intended merely to conceal the taste and smell. These Pills will also continue to be prepared without the frosting, as heretofore, so that all who prefer them in their original state, may still be accommodated.

GENERAL DIRECTION.—The ordinary dose for a grown person is from two to four Pills; but in cases of violent pain, in any part of the day, the medicine should be taken in large doses, and repeated every night on going to bed, (or oftener if the suffering is great,) until pain, or distress of every kind is removed; after which, the medicine should be taken merely with a view to keeping the bowels regular which will in a short time restore the body to a state of sound health.

For more particular directions, see the circular accompanying each box.

NEWPORT,

BY CRANSTON & NORMAN,
127 THAMES STREET.

FRIDAY MORNING, NOV. 8, 1850.

NEW YORK ELECTION.

The New York Tribune has returns of 41 Whig to 21 Locofocos elected to the Assembly. The Whigs gain 5, the opposition 2. If the counties to come in do not balance those gains, the Legislature is Whig.

So far as heard from, the Whigs have chosen 14, the Locos 11 members of Congress,—a gain of 10 to the latter; districts not heard from. In the present Congress the delegation stood 32 to 2.—If the Whigs have made more losses, it will now stand 22 to 12. It is not, however, probable it will stand as favorably for us as this.

The Tribune thinks that Washington Hunt is elected Governor, and that the whole Whig State ticket has been chosen. It gives returns from a large number of towns and counties, as compared with the presidential vote of 1844, in which the nett Whig gain is 2773.

Kingsland, the Whig candidate for Mayor, is chosen by the unprecedented majority of 5,597. The Whigs have chosen 12 Assistant aldermen to 7 Locofocos.

In New York city the Whigs elect 13 Assemblymen, the Locos 3.

In Albany city Hunt's majority is 166; in the county Hunt's majority is 960.

NEW JERSEY.—The Tribune says that the Whigs have lost their Governor, and may have lost their Legislature, but the latter is not certain.

MICHIGAN.—Contrary to our expectations, and very far beyond our most sanguine hopes, the Whigs appear to have met with signal success in Michigan.—In the first District, Alexander W. Buell the present member, and the pliant tool of Lewis Cass, has been defeated in a District usually strongly Locofoco, a staunch Whig, has been chosen. The other Districts are not fully heard from, but it is not improbable that the Whigs have carried both, one being Whig, and in the other there being two Democratic candidates. An en ire Whig delegation from Michigan would be a fitting rebuke to Mr. Cass for his treachery to the rights and interests of Northern freemen.

WISCONSIN.—Charles Durkee, the present member, is re-elected over Fillmore, Loco. He was supported by the Whigs. James D. Doty, Free Soil Democrat, is also re-elected.

PROBABLE MURDER.—A young man named Charles F. Rhodes, recently a hand on board the Perry, was stabbed last Thursday evening by Ann Sullivan, who said that he had seduced her, under promise of marriage, and then abandoned her. She had for a long time endeavored to obtain an interview with him which he had refused. On Tuesday evening she stopped at the Alhambra, an eating house on South Main street, and called him out. She asked him to walk with her and he refused; after several refusals she turned upon him with a dirk knife, five or six inches in length, and plunged it with great force into his abdomen, inflicting a wound which is probably mortal. The girl is about twenty years old, and has sustained an honest reputation. The act was committed under a maddening sense of wrong, and she has, as yet, manifested no regret, and no fear, except that her victim should escape. He was to have sailed in the Baltic.—*Prov. Jour.*

ARTESIAN WELL.—We find the following in a letter of the London correspondence of the National Intelligencer:

"The famous Artesian well at Kissengen, in Bavaria, commenced eighteen years ago, and which it was feared would have to be abandoned as a failure, has just given the most satisfactory results. This town is located in a saline valley, nine hundred and eighty-four feet above the level of the Baltic sea. Last June the boring had reached a debth of 1837 feet, and several layers of salt, separated by strata of granite, had been traversed, when carbonic acid gas followed again by granite, was found. Finally, on the 12th instant, at a depth of two thousand and sixty feet, perseverance was rewarded by complete success. A terrific explosion burst away the scaffolding built to facilitate the operations, and a column of water four and a half inches in diameter spouted forth to the height of ninety-eight feet above the surface. The water, clear as crystal, is of a temperature of sixty-six Fahrenit, and is abundantly charged with salt. It is calculated that the annual product will be upwards of 6,000,000 lbs. per annum, increasing the royal revenues by 360,000 florins, after deducting all expenses.

The new Constitution of Michigan disfranchises duelists and their accessories, and disqualifies them from holding office.

Later from California.

BY THE EMPIRE CITY!

2,000,000 DOLLARS IN GOLD.

The Empire City has arrived from Chagres, with 20 days later news from California.

The Purser of the Empire City, B. W. Comstock, a resident, we believe, of Providence, died on Monday, last week, respected by the officers and all on board.

One other passenger died on the passage. Owing to the death of the purser, the papers are all in confusion, and no list of the passengers has been prepared.

The Steamers Isthmus and New Orleans, which left San Francisco on the 1st and 5th ult., had both arrived at Panama, but the Sarah Sands, which left on the 25th September, had not arrived.

The bulk of the gold, about two millions, may be expected by the Georgia and Cherokee.

The Georgia left Chagres about two hours before the Empire City, and the Cherokee was to leave on the following day. They will bring each 250 or 300 passengers.

The Equador, which left San Francisco on the 15th Sept. did not reach Panama till the 14th having got out of coal.

The New Orleans reached Acapulco in 7 1-2 days, and Panama in 14 1-2 days, the quickest trip yet. She passed the Northerner Oct. 12th, lat. 22 N, lon. 110 W, within six days sail of San Francisco.

The San Francisco papers are filled with the accounts of the late conflagration, which consumed over 150 buildings. The fire originated in a house on Jackson street, between Kearney and Dupont. It extended up towards Dupont street and Portsmouth square.—The buildings were mostly of wood, and the flames spread rapidly owing to the want of water.

The fire is supposed to be the work of an incendiary, and several arrests have been made. The office of the Pacific News was entirely destroyed—loss $30,000. The Picayune office also lost heavily, but will be able to commence again soon. Signor Rossi, or the Italian theatre, lost everything.

The fire was cut off towards Montgomery street, thereby saving the most valuable part of the city—the City Hall though in immediate danger escaped, and it is thought the great destruction of property might have been prevented had there been an Engineer to direct operations by blowing up a few of the buildings.

The following are the streets burned; on Washington, half the block between Kearney and Dupont; and half a block between Kearney and Montgomery; on Jackson street, from Dupont nearly to Montgomery, both sides; on Pacific street, both sides from Dupont to Montgomery; Dupont street, from Jackson to Montgomery; Kearney street, from Washington to Pacific; a large portion of the blocks bounded by Kearney, Washington, Montgomery, and Pacific streets, were also destroyed.

Total loss altogether is not far from half a million dollars.

The accounts from the diggings are various, and many are wending their way back from the mines. Some report gold plenty, while others announce the reverse.

Accounts had reached San Francisco from the plains, from Capt. Waldo's station, on Salmon Trout River, dated Sept 22d, giving the most deplorable accounts of the emigrants arriving at that place in extreme distress.

The expenses of the squatter war reached ten thousand dollars.

The news of the engrossment of the California bill in the Senate, produced, on its receipt in San Francisco, the liveliest emotions of joy.

The hopes of the people are raised high in the expectation of hearing, by the next steamer, of the admission of that State into the Union.

The weather was rather pleasant in most parts of the country; there had been a great deal of rain, and it was said to have been extremely cold in the mountains.

☞A man named Welsh, in Boston got choked with a piece of beef, last Sunday. Before it could be removed, the man had lost all consciousness and was only brought too after an effort of several hours to restore him.

"Did I not give you a flogging the other day?" said a schoolmaster to a trembling urchin.

"Yes, sir," answered the boy.

"Well, what does the Scripture say on that subject?"

"I don't know, sir," said the boy, "except it is in that passage which says, 'It is more blessed to give than to receive.'"

PROFESSOR A. C. BARRY'S
TRICOPHEROUS OR MEDICATED COMPOUND,

INFALLIBLE for renewing, invigorating, and beautifying the Hair, removing Scurf, Dandruff, and all affections of the Scalp, and curing Eruptions on the Skin, Diseases of the Glands, Muscles, and Integuments, and relieving Stings, Cuts, Bruises, Sprains, &c., &c. With this preparation, "there is no such word as fail." The first journals in America, medical men of the highest eminence, prominent citizens of all professions, and ladies who have used it for years in their dressing rooms and nurseries, admit with one accord, that, for imparting vigor, gloss, luxuriance, and curl to the hair, eradicating scurf and dandruff, healing wounds, curing contusions, sprains, stings, &c., and relieving diseases of the skin, the glands, and the muscles, it has no equal among the multitude of compounds advertised in the public prints, or used in private practice. In cheapness as well as efficacy, Barry's Tricopherous is unrivalled. The immense cash sales of the article, have enabled the inventor to supply it at retail at twenty-five cents per bottle, which is from fifty to one hundred per cent. less than the price of any other preparation now in use. The scientific treatise on the hair and skin (embracing valuable directions for the culture and preservation of Nature's choicest ornament,) in which each bottle is enclosed, is alone worth the money.

The affinity between the membranes which constitute the skin, and the hair which draws its sustenance from this triple envelope, is very close.— All diseases of the hair originate in the skin of the head. If the pores of the scalp are clogged, or if the blood and other fluids do not circulate freely through the small vessels which feed the roots with moisture and impart life to the fibres the result is scurf, dandruff, shedding of the hair, grayness, dryness, and harshness of the ligament and entire baldness as the case may be. Stimulate the skin to healthful action with the Tricopherous, and the torpid vessels, recovering their activity, will annihilate the disease. In all affections of the skin, and of the substrata of muscles and integuments, the process and the effect are the same.— It is upon the skin, the muscular fibre, and the glands, that the Tricopherous has its specific action, and in all affections and injuries of these organs, it is a sovereign remedy.

Sold in large bottles—*price 25 cents*—at the Principal Office, 137 Broadway, New York. For sale by the principal Merchants and Druggists throughout the United States and Canadas, and by R. J. TAYLOR, Newport, and J. Balch & Son, Providence, R. I. apr30 6m

A GOOD CHANCE FOR A BAKER

FOR SALE a lot of land containing 10 1-2 acres of good land situated in the town of Winchendon, Worcester county, Mass., it is within 3 1-2 miles distance from four very thriving manufacturing villages; two lying at the north and the other two south. It is one of the very best opportunities for establishing a Bakery, there being no Bake-house within 10 miles, the above piece of land is in a corner lot containing about 12 acres, there is an application for one acre, and wishing to reserve half an acre for myself, would sell the remaining 10 1-2 acres at the low price of *four hundred dollars*, one half the amount in cash, the balance may stand for a number of years if desired; the lot is well walled on three sides, on the other side is a slip of young Wood, some trees of good size, probably about 3-4 of an acre in this part. There is a fine chance to building on the front, the land is very convenient to fence into pastures, and for mowing for horses and cows; one part is watered by a spring. There is also a large number of bearing Apple trees upon the lot. Fuel is very low, the best of soft and hard wood is sold there from $2 to $3 a cord. For further particulars enquire of EDWARD BARKER, Second street, Newport, or by post paid application to

If a young man with a small capital, desirous to make money or to any one capable of attending to it, it offers an inducement which is rarely met with. The cost of exhibiting it for one night is less than 25 cents. The price is $175

TO THE LADIES.

WASHING, BLEACHING AND CLEANSING FLUID, the greatest labor-saving article yet discovered. By its use, washing machines and boards are entirely dispensed with, and not one quarter the labor is required to do the washing of a family.
The Fluid is a chemical compound of sufficient strength to extract all foreign substances from the cloth, by simply boiling a small quantity of it with the clothes, and without the slightest injury to the most delicate fabric.
The expense is not more than that of the soap ordinarily used, and besides this it will be seen that the great wear and tear of clothing consequent upon the old method of hard rubbing upon a board, and the use of the pounding barrel, is wholly avoided, and an *immense saving* is thus made. It is emphatically the female's friend.
☞ *Warranted to give perfect satisfaction, or the money will be refunded.*

CAUTION TO THE PUBLIC.

IT is now some eight years since the Tea Business, as an exclusive business, was commenced by Fletcher & Co., in this city, during which time the Establishment has flourished beyond expectation. They have furnished their customers with both Teas and Coffees at prices less than other dealers could buy,—which has caused numberless imitations of their stores, some of which imitations have closed; others are still lingering on, using our name, and by this means imposing upon the public; and it is to prevent this
GROSS DECEPTION,
that the New England Tea Company, of Boston have determined to change the name of their store in Providence, which will henceforth be known by the name of the NEW ENGLAND TEA COMPANY.
☞ Remember that the only Stores of the Old Original Tea Company are at 51 Westminster Street, Providence, and 130 Washington Street, Boston, and are distinguished by the name of the NEW ENGLAND TEA COMPANY.

MORE LIGHT.

As the evenings are getting longer, it is of great importance to economize in our *lights*, and to see that your Lamps are in good burning order. And as this branch of our business I have paid particular attention to for a long time, and have my arrangements always made, to give the public a fresh and good article at the lowest prices, we invite all that have not tried our Pine Oil and Burning Fluid to call at once, for it stands in the same proportion to quality as our safety Camphene does in comparison with the trash furnished from New York at a less price, and as I am the only manufacturer of Camphene in Rhode Island I dont hesitate in saying I can give the public a better and fresher article than can be purchased elsewhere.

SCROFULA

If thousands of cures of Scrofula, Cancers, Syphilis, and other Impure diseases of the Blood—and if the VERY SMALL QUANTITY *which has used of a Medicine to effect cures of such diseases, be any proof of the purifying medical power in the Medicine which has subdued and conquered such diseases—then there is unquestionable evidence that—*

BRANT'S INDIAN PURIFYING EXTRACT

is such a *Medicine, in every respect*; and there is abundant proof, in *great circumstances*, that ONE BOTTLE of it contains more purifying, healing virtue, and *medical power*, than there is contained in FOUR BOTTLES of any *Sarsaparilla*, or any other medicine that has ever been offered for sale. There is undoubted proof in our pamphlets, that by the use of this great *Indian Purifier*, they that were DYING yet LIVE—they that were LAME and CRIPPLED can now WALK—they that were SICK, SCROFULOUS, and otherwise diseased, have been HEALED and CURED.

Hundreds—Thousands—

who have used BRANT'S PURIFIER, after having used and tested ALL the *Sarsaparillas* and other medicines recommended to cure blood diseases, have decided that—

Brant's is the Cheapest;

because *one bottle* of it has *more medical, curative matter* in it, and, in consequence, cures *more disease*, in much *less time*, than *one bottle* of any other medicine.

If, then, *one bottle* of BRANT'S PURIFIER will cure FOUR TIMES more disease than *one bottle* of *Sarsaparilla*—"BRANT'S PURIFIER" would be as *cheap* at *four dollars* a bottle, as *sarsaparilla* at *one dollar*. But BRANT'S PURIFIER is sold for only ONE DOLLAR a bottle; and as a bottle of it *has cured*, and is *capable of curing*, FIVE TIMES as much disease as *one bottle* of *Sarsaparilla*, therefore, Sarsaparilla, in consequence of its *less power* and *less* medical efficacy, should be sold at no more than *twenty-five cents* per bottle, to be as *cheap* as the PURIFIER at *one dollar*.

One Dollar's Worth!

How much CANCER—how much SYPHILIS—how much SCROFULA—will *one dollar's worth* of BRANT'S PURIFIER cure? Read the following statement, which is a specimen of its power:—

CANCEROUS SCROFULA!

This is the case of a *dying man who yet lives*. He was cured of a worse case of SCROFULA, by only *twelve bottles* of Brant's Purifier, than ever was cured by the use of *twelve cart loads* of the *best Sarsaparilla* that was ever made. Sarsaparilla has not *sufficient medical power* to effect the cure of such a *seemingly hopeless* case.

Mr. J. B. HASKIN, of *Rome, Oneida Co., N. Y.*, had *Scrofula four years*—was confined to his bed the *last year*—he was so much diseased and debilitated as to be unable to raise his hand to his head. He had the *best medical advice*—had used ALL of the *best Sarsaparillas* to no good effect—got *worse and worse*, and was considered to be in a *dying state*, and could not live *twenty-four hours longer*, when he commenced using BRANT'S PURIFIER. His *neck was eaten nearly off, from ear to ear; a hole was eaten through his windpipe*, under his chin, so that he breathed through the hole; his *windpipe* so eaten around that it could be *lifted* out of its place, it only holding by a *small piece*; the use of *one arm* was destroyed by two ulcers; an ulcer under the arm, as large as a *man's hand*, had nearly *eaten through his side into his body*. Thus he was afflicted with *twenty such putrid, acrid, offensive ulcers*, on various parts of his person. For further and full particulars, see our PAMPHLETS.

Dr. THOMAS WILLIAMS, one of the most skilful physicians of Rome, was called to see Haskin the *day before* he commenced using Brant's Purifier. Dr. W. examined him, and then told him that *all the medicines in the world could not cure him*—that his case was

Worse than Hopeless!

Now hear Mr. HASKIN'S statement of cure! He said: "My wife procured one bottle of *BRANT'S PURIFYING EXTRACT*, of *Burd & Leonard*, druggists of Rome. I commenced using that, and *began to get better*. That bottle enabled me *to get off my bed*, where I had been confined *one year*; the *second bottle* enabled me *to get out of the house*; the *third bottle* enabled me *to walk two miles*, to Rome Centre, where I procured *six bottles more*; and when I had finished using them, *seventeen* out of *twenty ulcers had healed up*—and *three bottles* more effected a PERFECT CURE of all the ulcers, and restored me to *good health*."

FOURTEEN WITNESSES!

Mr. HASKIN has sworn to the above facts, and the facts are witnessed and certified to by Dr. T. WILLIAMS—Mr. G. B. BROWN, proprietor of the *West-Rome Hotel*—Messrs. BISSELL & LEONARD, wholesale and retail druggists—and ELEVEN other *respectable witnesses*.

CANCERS CURED.

Mr. O. B. KINNEY, merchant, *Clinton, Oneida county, N. Y.*, informs us that a cancer-doctor in said county was curing the worst cases of CANCERS through the effects of BRANT'S PURIFYING EXTRACT. A *cancer-doctor* in the same county, N. Y., is also using said Purifier. Mr. A. B. SUTTLE, druggist, at Canajoharie, Montgomery county, N. Y., also informed us of an important *cure of a Cancer of long standing*, which was effected on said county in that place. It therefore, this Purifier *cures Cancer*, its purifying, healing power, what impure disease of the blood can it not cure? Seven years' experience and thousands says there are none but what it will cure.

FEVER-SORE CURED.

The Rev. RICHARD DUNNING, Pastor of the Presbyterian church, Adams Basin, Monroe county, New York, wrote to us: "I have just received a letter from Mr. CHARLES DUNNING, relative to the cure of his Fever-sore. You may depend on what he states, for he is a Christian man and an elder in the church. Some years since he had to have one of his *legs cut off*, to save his life, in consequence of a Fever-sore. The other leg being now affected, and about to be amputated, I recommended BRANT'S MEDICINE. Read the result. He says: '*I have used only three bottles* of BRANT'S MEDICINE. *I placed* ALL HOPE *from your recommendation, in that Medicine*, and I can now say that, with the blessing of God, *it has effected a cure of my leg!*'" See Pamphlets for full particulars.

LIVER-COMPLAINT!

Dr. NATHAN HUBBARD, of *Stamford, Conn.*, one of the oldest and most respectable physicians, was afflicted with *Liver-Complaint* many years, and was *perfectly cured*, by using BRANT'S PURIFYING EXTRACT. We could name hundreds of other cases, also cured.

FEMALE WEAKNESSES & COMPLAINTS.

No remedy offered to the public has ever been *half as certain and effectual in restoring* ALL the incidental *weaknesses* and *irregularities* of the sex, as BRANT'S PULMONARY BALSAM. It makes no difference whether the derangement be *suppression, excess*, or other *weakness*—it REGULATES ALL, by *strengthening the* SYSTEM, *equalizing the* CIRCULATION, *and soothing and allaying* NERVOUS IRRITABILITY. ☞ See pamphlets.

CHANGE OF LIFE,

from the *girl* to the *woman*, and the *woman at middle age*—the one case is *accelerated*, and the other so *gradually suppressed*, as to prevent any of the *fatal diseases* that frequently arise in consequence of such change.

Dyspepsia—Sour Stomach!

"ATTICA, *Genesee Co., February* 1, 1848.

"M. T. WALLACE & CO.—*Gentlemen*: I was, for more than a year, afflicted with a disease of the stomach. I could not eat any fat or greasy substance without causing great pain, sickness, and vomiting, and was continually afflicted with a sour stomach. I, as an experiment, tried one bottle of BRANT'S MEDICINE, which, to my utter disappointment, *cured and relieved the usual pain after eating*. I therefore used a second bottle, which has completely cured the disease. I am now well and hearty, and can eat almost anything without being pained, or the stomach becoming sour. Yours respectfully, T. S. WILCOX."

Mr. Wilcox is a respectable merchant of Attica.

NURSING SORE MOUTH, LUCORRHŒA, &c.

"BYRON, GENESEE CO., N. Y., *Oct.* 19, 1847.

"Messrs. M. T. WALLACE & CO.: Some time last winter my wife became so debilitated from the effects of *Lucorrhœa and Nursing Sore Mouth*, that she could not lift her child or perform any household labor. Her medical treatment was varied according to the advice and prescriptions of the most eminent physicians, until *our skill* was exhausted in its useless efforts. She became so very a skeleton, that at the time she commenced taking *Brant's Medicine* she weighed no more than eighty-five pounds; but by the time she had taken *four bottles*, she became perfectly well. The cure is so perfect, that she is now enabled to do all necessary household work, and gained thirty pounds of flesh in *four weeks*. Yours truly, C. B. GALENTINE."

The reader will observe that Mr. GALENTINE says "*our skill*." He, we are informed by Z. S. TERRY, Esq., of the same place, has studied medicine.

MERCURIAL DISEASES.

BRANT'S PURIFYING EXTRACT is a *perfect and thorough eradicator of all the effects of* MERCURY, or any of the various preparations of CALOMEL or MERCURY, *from the system*; and it restores the *blood, muscles*, and *all the parts* diseased, to their original, HEALTHY STATE.

GENERAL DEBILITY OF THE SYSTEM!

Mr. A. HOUTS CANDER, merchant, *Oberlin, Lorrain Co., Ohio*, wrote, December 19, 1848, and after having stated how like a charm the PULMONARY BALSAM had effected the cure of his wife's consumptive cough, said: "I have personally used *BRANT'S PURIFYING EXTRACT*, for general debility of my system, and I have no hesitation in saying that it is the best medicine to RESTORE *and* INVIGORATE THE SYSTEM that I have ever used. In *every instance* where we have sold BRANT'S MEDICINES, *they have proved their efficacy, and given the* BEST SATISFACTION."

SALT RHEUM,

and all impure *chronic diseases of the* BLOOD, are always cured by *BRANT'S EXTRACT*.

BRANT'S INDIAN PULMONARY BALSAM

cures very many of the most strongly marked and decided cases of PULMONARY CONSUMPTION—*real, undoubted cases of ulcerated and diseased* LUNGS—such hopeless cases as were never before cured by any other medicine. *So afflicting were* some of the afflicted persons, as to have been pronounced by *physicians and friends* to be ACTUALLY DYING. Some, who had their burial-clothes made, have been cured, and yet live; others, who it was said would not live another day, are now as well and hearty as they ever were.

It possesses all the cleansing and purifying virtues nearly as powerful and active as the preparation which we call

BRANT'S INDIAN PURIFYING EXTRACT.

The Balsam differs from the Extract, because it possesses *several medicines which are peculiarly adapted to, and are excellently necessary for, the cure of*

COUGHS AND CONSUMPTIONS,

and all diseases of a pulmonary nature—such diseases as usually prove so fatal under ordinary treatment, when they attack the

Breast, Throat, Lungs, and Heart.

This BALSAM HEALS AND CURES ULCERS *in the LUNGS*, and elsewhere *internally*, as *certainly and easily as the* PURIFYING EXTRACT *cures and heals ulcers externally*. This Balsam cures *nine cases of Cough* and *Consumption* out of TEN, after all other remedies have *failed to do good*.

Thousands of Consumptions

and *Chronic Coughs*, abundantly prove its *unfailing efficacy* in such diseases, and its unrivaled curative power, and soothing, healing properties, in the following complaints and diseases, viz: *Spitting of Blood, Bleeding at the Lungs, Pain in the Breast and Side, Night-Sweats, Nervous Complaints, Palpitation of the Heart, Cholera Infantum, Dysentery and Summer Complaints in Children and Adults*, and ALL FEMALE WEAKNESSES.

CONSUMPTION.
A DYING WOMAN CURED!

We state this case, to prove the POWER TO SAVE LIFE when this BALSAM is used, even after the person is considered by *physicians and friends* to be in the *last stages of disease—actually DYING*—and, in this case, SO FAR GONE, *that the* SHROUD *and* BURIAL-CLOTHES *were bought!* For the *particulars* of this case, and the *respectable and undoubted proof* of all the circumstances and facts, we refer to our PAMPHLETS.

This cure was effected on Mrs. ZIBA DYKEMAN, of *Ballston Spa, Saratoga County, N. Y.* We can prove, beyond a doubt, *many others, almost equally hopeless*, and innumerable *cases of Cough and Consumption* CURED, which were pronounced *incurable* by SKILFUL PHYSICIANS.

A DOCTOR CURED!

DR. J. W. FRENCH, of *Hillsdale, Hillsdale county, Michigan*, about the 1st of January, 1849, wrote as follows: I have been in the regular practice of medicine in this place for nine years, but was obliged to quit the practice of my profession in consequence of ill health. I was so severely afflicted with a *Chronic Disease of the Lungs*, as to convince me that I HAD THE CONSUMPTION, past doubt. I coughed almost incessantly, night and day, and had severe pains and soreness in my chest, side, and breast. I tried the remedies recommended by the most skilful of the profession, all to no effect, excepting the distress and debility caused by them. I was prejudiced against patent medicines, and have no faith now in them generally. But I was induced as an experiment, more than through faith—to try a bottle of BRANT'S INDIAN PULMONARY BALSAM; and I do here acknowledge, for the benefit of the afflicted or whom it may serve, that the effect of its use on me was the most perfect and salutary of any medicines I ever witnessed the effect of in all my practice. *My cough was immediately relieved*, and in about eight or ten days I was free from cough, soreness of the chest, and pain, and now consider and *pronounce myself* A WELL MAN!"

Dr. French is now a respectable druggist at Hillsdale.

FITS, FITS, FITS.

Messrs. J. K. LIPPINCOTT & SON, respectable merchants at *Hillgrove, Sullivan county, Pennsylvania*, wrote to us, May 12, 1849, stating, among other BENEFITS which had been derived from the use of BRANT'S PULMONARY BALSAM, that one of their customers had just informed them that her child, which had been subject to FITS *for several years*, was cured by the use of BRANT'S BALSAM.

Would soon be in a Grave.

Mr. WILLIAM D. JENNINGS, a merchant at *Fairport Centre, Ashtabula county, Ohio*, wrote to us, October 2, 1848, and stated a cure of CONSUMPTION which the use of *Brant's INDIAN PULMONARY BALSAM* had effected on Mr. WILLIAM CROCKET, of an adjoining town. He said Mr. Crocket had sought relief from the best physicians and numerous medicines, but found none, for the fatal hand of that unrelenting monster, *Consumption*, had taken fast hold on his vitals, and was destroying and debilitating his body, that he was a mere skeleton. He was *given up* by his physicians and all friends, as one who would soon *inhabit a grave*. But even in this last extremity, strange and marvellous as it may seem, yet it is true, that the use of only *five bottles* of BRANT'S INDIAN PULMONARY BALSAM has snatched of the hand of the destroyer, and restored Mr. Crocket to health, and he is now *a healthy, hearty, rugged man*."

S. D. DANN, Esq., *merchant and postmaster at Jefferson*, an adjoining town, wrote to us about the same time, and stated that he was acquainted with Mr. CROCKET, and *testified to his cure, and all the above-named facts*.

Could not Live a Day longer!

Messrs. E. B. CALDWELL & CO., of *East Oswego, Oswego Co., N. Y.*, respectable druggists, wrote to us: "We have just heard, through Mr. Whitcomb, a respectable citizen of this place, of an important cure of *Consumption*, which BRANT'S INDIAN PULMONARY BALSAM has produced on the wife of an acquaintance of his, who resides in the town of Palermo, in this county. She had been long confined to her bed, and was so dangerously diseased, that her friends believed it impossible for her to live *another day* ONE DAY LONGER. But, when all other hope utterly failed, she commenced taking *BRANT'S PULMONARY BALSAM*, and its medical efficacy has raised her from a dying state, so that she is now *going about and attending to her domestic household affairs and duties*. She acknowledges, and it is very evident, that she is indebted to BRANT'S BALSAM for her recovery from a long, severe, and dangerous sickness; and her friends and neighbors consider that medicine invaluable."

RAISED FROM THE GRAVE.

Messrs. PRATT & FOSTER, *merchants, of West Cornwall, Conn.*, said *BRANT'S BALSAM* had effected cures of such hopeless cases of CONSUMPTION in their town, that now no other cough-medicine could be sold there; that it *had raised some up from the* GRAVE—some that physicians and all their *friends said* MUST DIE! One gentleman, in particular, was so far gone, that his physician told him it was *useless to take any more medicine*. He then, *when no hope was left*, began to take BRANT'S BALSAM—GOT WELL—*and it now as well as ever he was!*

Many Consumptions Cured.

Mr. S. H. CLARK, merchant, *Clyde, Wayne county, N. Y.*, wrote to inform us that BRANT'S PULMONARY BALSAM sold readily at Clyde, and said: "If the statements of some of our most respectable people, and personal, visible knowledge, can be relied on, its medical virtues have cured *many consumptive persons*, several of whom I am acquainted with, who were so hopelessly sick as to be considered, by physicians and all friends, past a possibility of cure; and yet, the facts are, BRANT'S BALSAM has restored them to PERFECT HEALTH."

LUNGS BLED—MUST DIE!

Mr. Z. S. TERRY, *merchant, Byron, Genesee county, N. Y.*, wrote, August 21, 1848: "BRANT'S MEDICINE is doing wonders here. It has cured a man of *Consumption* that all the physicians had said *must die*. When he commenced taking Brant's Medicine, he could not raise his hand to his head; he *bled at the lungs*, and every symptom, seemed to indicate that he must die; but, astonishing to all, he is now able to labor, and rides all over the county. He used *only five bottles*. It has also cured a young lady of *Consumption* in Orleans county, which her doctor *says no doctor could cure*."

Mr. MILLER, a merchant of the same place, has certified to the truth of the above statement.

Was believed past Cure!

Mr. CORNELIUS H. SMITH, merchant, *Collins Centre, Erie Co., N. Y.*, January 16, 1849, said: "Your BRANT'S INDIAN PULMONARY BALSAM and BRANT'S PURIFYING EXTRACT are nearly all sold, and I want immediately another supply, for they sell more rapidly, and *give better satisfaction*, than all the other medicines we have for sale. The *Pulmonary Balsam* has raised a lady here from a bed of 8 *agonies* and severe sickness, which all the doctors had given up as INCURABLE. They said she must die with a *Consumption of the Lungs*. After all had pronounced the case HOPELESS, she commenced taking BRANT'S BALSAM—and now *she is well*."

CHRONIC DYSENTERY,

and SUMMER COMPLAINTS, *in children or grown persons*, cured *without any failure whatever*. Also—

CHOLERA INFANTUM

No mother need ever mourn the death of her child by that child-destroying complaint, which, *teething* in warm weather—*Cholera Infantum*, or what is called SUMMER COMPLAINT—if "BRANT'S PULMONARY BALSAM" be administered to the child. It should, however, in *such cases*, be used in *twice as large doses* as the directions on each bottle prescribe, until the complaint is checked.

DOCTORS CALL IT WONDERFUL.

DOCT. IRA JOHNSON, of *Lexington, Greene Co., N. Y.*, wrote to us, January 1st, 1849: I became acquainted with some of the astonishing effects of your BRANT'S INDIAN PULMONARY BALSAM, by having witnessed some most *wonderful cures* of CONSUMPTION produced by it here, in Monticello, Sullivan Co., New York about a year since; and have since felt anxious that its great efficacy might become more generally known. The last summer I had a brother-in-law quite sick with consumption, and I felt confident from what I had seen of the efficacy of BRANT'S BALSAM, that if I could procure it for him that it would cure him; and as we could not find it in this county, I went to Sullivan county, about ninety miles, and purchased several bottles; but before I returned with the medicine, he died. One of my neighbors was then very much afflicted with pain in the breast and side, and with such a stricture and tightness across his chest, that he breathed with great difficulty. He used one bottle of the medicine that I brought, and it gave immediate relief, and cured him. My wife has used another bottle, and she says it has done her more good than all the other medicines she ever took. From the benefit those persons have derived, and from my recommendations, from what I had previously heard and seen of its good works, many persons here are now wanting the medicines; and as there is no agent in this town, they have persuaded me to write for an agency.

Yours, respectfully, IRA JOHNSON.

DOCTORS COULD NOT CURE.

Mr. CORNELIUS H. SMITH, *merchant, Collins Centre, Erie Co., N. Y.*, January 16, 1849, said: Your BRANT'S INDIAN PULMONARY BALSAM, and BRANT'S PURIFYING EXTRACT, are nearly all sold; and I want immediately another supply, for they *sell more rapidly*, and *give better satisfaction*, than all the other medicines we have for sale.

DR. CHRISTIE'S GALVANIC BELT, BRACELET NECKLACE

AND

MAGNETIC FLUID.

For the Removal and Permanent Cure of all NERVOUS DISEASES,

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the *most valuable medicinal discovery of the Age*.

Dr. CHRISTIE'S GALVANIC BELT
and
MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complaints arise from one simple cause—namely,

A Derangement of the Nervous System.

☞ In NERVOUS COMPLAINTS, Drugs and Medicines *increase the disease*, for they weaken the vital energies of the already prostrated system; while under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives,

consists in the fact that they arrest and cure disease by *outward application*, in place of the usual mode of drugging and physicking the patient, till exhausted Nature sinks hopelessly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years since, more than

60,000 Persons

including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up, and every thing else been tried in vain!

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford *temporary* relief, but which leave the patient in a lower state, and with injured faculties; after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worse symptoms of an attack, and simply tie the Belt around the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

CERTIFICATES AND TESTIMONIALS
Of the most Undoubted Character,

From all parts of the Country could be given, sufficient to fill every column in this paper!

AN EXTRAORDINARY CASE,

which conclusively proves that

"Truth is stranger than Fiction."

The following letter, narrating one of the most remarkable events in the annals of Medical Science, is from the

Rev. Dr. Landis, a Clergyman

of New Jersey, of distinguished attainments and exalted reputation:—

SIDNEY, New Jersey, July 12, 1848.

DR. A. H. CHRISTIE—Dear Sir: You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about *twenty years* I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. My physicians were skilled and excellent men, but here their prescriptions failed. About *fourteen years* since, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which for year after year, caused me indescribable anguish. In the severer paroxysms, the skill of my physicians sometimes afforded me great relief; but this relief was only temporary. Further: in the winter of '45 and '46, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. *My nervous system was now thoroughly prostrated*, and as my Bronchitis became worse, so also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System. My sufferings were indeed severe, and I had no prospect other than being entirely laid aside from the discharge of those duties, and the performance of those labors in which my soul has ever found the highest of her joys.

But reasoning from effect to cause, I concluded that the *Nervous System* must be reached, before any hope could be indulged of my obtaining relief from these most distressing maladies. In the whole pharmacopœia there seemed to be no remedial agent which could reach and recuperate my Nervous System; every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficiency,) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1848. TO MY GREAT ASTONISHMENT, IN TWO DAYS MY DYSPEPSIA HAD GONE; IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS; NOR HAVE I SINCE OMITTED A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS; AND MY RHEUMATIC AFFECTION ALSO CEASED TO TROUBLE ME. If time permitted, I could fill a sheet of paper with the details of particulars, but I can now only furnish this brief abstract. My Dyspepsia *has never returned*; the Rheumatism once in a while visits me, but not severely, and is easily arrested, and is manifestly being driven from its hold upon my system, and my Bronchial affection is *entirely cured*. Such is the wonderful and happy results of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from Neuralgic affections. They have tried them, WITH HAPPY RESULTS, I BELIEVE IN EVERY CASE.

I am, dear sir, very respectfully yours,
ROBERT W. LANDIS

DR. HOOFLAND'S
CELEBRATED GERMAN BITTERS,
Prepared by
DR. C. M. JACKSON,
AT THE GERMAN MEDICINE STORE,
120 *Arch Street, Philadelphia.*

Their power over the above diseases is not excelled—if equalled—by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal, safe, certain and pleasant.

READ AND BE CONVINCED.

Chas. Robinson, Esq., Easton, Md., in a letter to Dr. Jackson, January 9, 1850, said—

"My wife and myself have received more benefit from your medicine than any other we have ever taken for the Dyspepsia and Liver disease."

"The Tenth Legion," published at Woodstock Va., January 10, 1850, said—

"A GREAT MEDICINE."

"We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the *German Bitters*, invented by Dr. Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine has been tested, has fallen under our observation. During the last summer, a son of Mr. Abraham Crabill, of this county, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters, and after using it, was so much relieved of his distressing malady, that he procured another bottle, and is restored entirely to health.

READ FURTHER A FEW FACTS

From "The Weldon Herald," published at Weldon, N. C., January 25, 1850, which said—

"*Patent Medicines.*"

"It is very seldom that we make any allusion to Patent Medicines, either approving or otherwise. Unfortunately for the country, and for honest and conscientious inventors and venders of these medicines, the land is becoming flooded with quack preparations, that are made alone for profit, and are fit not even for the dogs. In this state of things it is hard to tell which are, and which are not worth having. If a person gets an indifferent medicine the first time he purchases, he is very apt to condemn the whole of them and buy no more, and inventors must only blame those of their number, (who ignorantly combine plain medicines together for the purpose of making money,) for the ill success which attends the effort of the deserving."

"We believe Dr. C. M. Jackson's 'Hoofland's German Bitters,' to be a most excellent medicine, and one that should be highly popular in these days of Temperance—for they are altogether Vegetable in their composition, without one drop of Alcoholic Spirits in them. This medicine is innocent, but strengthening in its effects, and richly deserving of an unbounded popularity, which, when it becomes known, it will, no doubt, fully enjoy."

Judge M. M. Noah said, in his "Weekly Messenger," January 6, 1850,

"*Dr. Hoofland's German Bitters.*—Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times—the late Dr. Christopher Wilhelm Hoofland, professor to the University of Jena, private physician to the King of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of *humbug*, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the editors speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted."

MORE EVIDENCE.

The "Philadelphia Saturday Gazette," the best family newspaper published in the United States. The editor says of

DR. HOOFLAND'S GERMAN BITTERS:

"It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after it has done its guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approbation of the faculty itself."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to *female* or *infant* with safety and reliable benefit, at any time.

BEWARE OF COUNTERFEITS.

This medicine has attained that high character which is necessary for all medicines to attain to induce counterfeiters to put forth a spurious article, at the risk of the lives of those who are innocently deceived.

Look well to the marks of the genuine.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

LIGHT! LIGHT!

The Handsomest, Cheapest, and Best Article for Light, is

MARSH'S PATENT OIL.

THIS is a new invention, recently introduced, and now very extensively used by the public.

Mr. Marsh is constantly receiving, [both at home and from abroad,] the very highest testimonials of the true merits and great superiority of his new Oil, over everything before used for light.—Among them we select the following:

MARSH'S PATENT OIL.—This is the name given to a newly invented Oil, for producing light, which has just been introduced to the public by Mr. Marsh. Having tried it ourselves, we can speak from experience, and do not hesitate to award it a high order of merit. It is entirely free from grease or smell while burning, and is not liable to the too common objection of almost all burning fluids, that of explosion. It gives a beautiful and steady light, is much handsomer than oil, and costs less. For a slight expense, common glass lamps may be fitted with new tubes, and the oil burnt in them.

We recommend a trial to those who would obtain a beautiful light.—[Boston Journal.]

WASHING, BLEACHING AND CLEANSING FLUID.

THE greatest labor-saving article yet discovered. By its use, washing machines and boards are dispensed with, and not one quarter of the labor is required to do the washing of a family.

The Fluid is a chemical compound of sufficient strength to extract all foreign substances from the cloth, by simply boiling a small quantity of it with the clothes, and without the slightest injury to the most delicate fabric.

The expense is not more than that of the soap ordinarily used, and besides this it will be seen that the great wear and tear of clothing consequent upon the old method of hard rubbing upon a board, and the use of the pounding barrel, is wholly avoided, immense saving is thus made. It is emphatically the female's friend.
